or call 619-663-6095

Target Audience: SDRC SWC's working with Adults and Transitional Youth, Counselors and Therapists working in the Substance Use Disorders (SUD) and/or Developmental Disabilities (DD) field.

“Understanding Developmental Disabilities and Substance Use Disorders”

Systems Working Together for Change

Three Part Series

*How do I help my clients with a developmental disability?
How do I help my clients who have a substance abuse problem?
What do I do if my client has both?*

Join field experts as we examine practical strategies to strengthen the networking opportunities to work together within different systems of care!

Each workshop will provide information and strategies that can support any person in a position of helping clients. The presenters will provide pertinent information in an interactive method regarding serving clients who are dually served.

Workshops are from 8:30AM to 12:30PM ** (Please plan on attending all three workshops)
